

# THE ARMY IS RECRUITING NOW

## FIND OUT MORE ABOUT CAREERS IN THE ARMY, INCLUDING OUR FANTASTIC RANGE OF APPRENTICESHIPS ON OFFER

The Army is recruiting now, and always. A role in the Army is truly diverse, with over 200 roles to choose from and a huge array of apprenticeships on offer from engineering to IT to construction to business management. Every job in the Army offers the opportunity to progress and gain professional skills that could lead you to a degree whilst you earn.

**On 16th June, we will be in Moor Street, Ormskirk, between 10am and 4pm.**

We welcome anyone along to have a conversation about careers in the Army, and will be joined by soldiers from the Royal Engineers alongside our expert recruitment team who can talk you through the recruitment process in detail.

We will also have a number of interactive activities hosted by our local outreach teams so come along and test your military skills whilst talking to us. We will also have some of the latest military technology for you to get up close to.

There is no need to book, just come along anytime during the day - if you want to talk to us about a career in the Army, please call our office on North John Street on **0151 236 1566**
